

Reviewer's report

Title: High penetrances of BRCA1 and BRCA2 mutations confirmed in a prospective series.

Version: 1 **Date:** 30 July 2009

Reviewer: Jacek Gronwald

Reviewer's report:

The paper is covering very important area about penetrance in BRCA1 and BRCA2 genes carriers. The problem is presented properly. Results are interesting and obtained prospective studies what increases their value. Discussion is critical. I recommend this paper for publication in this form.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
